

## **Restriction on carriage of certain 15-inch MacBook Pro Laptops**

Apple Inc. has issued an advisory recalling a limited number of older generation 15-inch MacBook Pro laptops, sold primarily between September 2015 and February 2017, for battery replacement due to possible battery overheating issues, when in use. Not all 15-inch MacBook Pro laptops sold within this period are affected / eligible.

Travellers can verify if their unit requires a battery replacement through the serial number lookup tool on Apple Support website at the following link.
