

All International passengers from Frankfurt, London, and Singapore arriving into Bengaluru will have to mandatorily undergo RT-PCR tests at the Airport irrespective of double vaccination and RT-PCR negative test done at origin station. For other International stations, a random 5% check will be done at the airport as of now.

In this connection, it is advised to book online for the RT-PCR test at Bengaluru prior to boarding the flight at your station. Booking and payment for the same can be accessed at <https://covid19.testing-lab.com>

The two types of testing are:

- Rapid Antigen test (RT-PCR) - Rs. 3000 waiting time for result 1 hour
- Normal RT-PCR - Rs. 500 waiting time for result 6 hours

NOTE - Passengers will not be allowed to exit the International Arrival area without having received the report.
