

All travellers should preferably be fully vaccinated as per the approved primary schedule of vaccination against COVID-19 in their Country.

Additional requirements apply to passengers in all international flights from certain high-risk countries (**China, Singapore, Hong Kong, Republic of Korea, Thailand and Japan**). Such travellers would be required to:

a. Submit complete and factual information in self-declaration form on the online Air Suvidha portal (www.newdelhiairport.in) before the scheduled travel, including last 14 days' travel details.

b. Upload negative COVID-19 RT-PCR report** on the Air Suvidha portal (The test should have been conducted within 72 hrs prior to undertaking the journey).

c. Each passenger shall also submit a declaration with respect to authenticity of the report and will be liable for criminal prosecution, if found otherwise.

d. They should also give an undertaking on the portal or otherwise to Ministry of Civil Aviation, Government of India, through concerned airlines before they are allowed to undertake the journey that they would abide by the decision of the appropriate government authority for any post arrival requirement including home/institutional quarantine/ self-health monitoring, as warranted.

All travellers should self-monitor their health post arrival also shall report to their nearest health facility or call National helpline number (1075)/ State Helpline Number in case they have any symptoms suggestive of COVID-19.

Note: The transiting passengers from above mentioned countries also have to comply with the given guidelines.

* Children under 12 years of age are exempted from both pre-departure and post-arrival random testing. However, if found symptomatic for COVID-19 on arrival or during the period of self-monitoring period, they shall undergo testing and treated as per laid down protocol.
